## IN THE BACKGROUND.

Rain and Excitement Discouraging the Baseball People.

Baseball was never so far in the background in this part of the country as it is more depressed. Out of for r games sched uled indianapolis has only been able to play one here. Suddenly it set is as if a similar de pressed state is existing a other League cities and as a result the general receipts are below those of a corresponding period for last year.
Manager Bancroft, 'I the Indianapolis clu in a conversation yesterday said that the poplar enthusiasm in the game is still as great a ever and probably greater, but the weather star has been so wretched that people could no get out to see the games. Secretary Scandre said that Pittsburg is getting along wretchedly

MANUSCO'S VIEW OF IT. Regarding the prospect in the East, Mr. J. H. Mandigor of New York, writes to this paper

The New York club's managers have no fur her doubt but that June 10 will see the orld's champions and the Boston club wresting for victory at the Pologrounds. The property owners are no longer opposed to the New York club playing there, and one of them says that, although there may have been a few toughs about that part of the town when the New Yorks played there, it was a hundred per cent worse after they left, and it became simply unbearable. The fact that a movement was on foot to get the New Yorks back to the Polo grounds has been known for many days and even weeks, but it has been kept quiet. A DESIRABLE CHANGE.

It is a good thing that the club will not be compelled to play out the season on the Island, simply because had they to remain there it would have cost them any chance that they may have for winning the championship. The rea-son of this is shown in a little talk which your correspondent had with pitcher Welch the other day. Mickey sat near the clubhouse entrance. The usual good-natured smile played

ctance. The usual good-natured smile played about his lips.

"I tell you what it is," said Mickey, "this place will do any hall player up, and I can tell you that we will have to have a few more men if we expect to do anything. After pitching or playing in a game down here, the strong sea air stiffens you up so that you lose all ambition. I, for one, can say that one or two, at the very most, is all the games that I could pitch down here in any one week. The whole team is just the same way, and not a few would be broken up if they had to stay here."

The attendance at the Staten Island games has fallen off to almost nothing, and the club is not paying expenses. At the last Chicago game there was a slight increase in attendance, but it was by far less than any Chicago game ever played in the upper part of this city.

BROOKLYN IN LUCK.

BROOKLYN IN LUCK.

The Brooklyn club is making a barrel of oney. The good showing that the team made on its Western trip has set all the cranks in the City of Churches crazy, and the Washington Park grounds are almost too small to hold the

The feeling in this city that the New Yorks The receing in this city that the New Yorks will yet win the championship by playing at the Polo grounds is still very strong, and it is argued that as the club is now in a better position than they were a year ago, and that they did not begin to play winning ball until late in June, there is no reason why they should not do so this season.

#### STILL IN HARD LUCK.

Rain Stops Another Game Between Pittsburgs and Indianapolis. Rain once more prevented the Pittsburgs and mapolis teams from playing yesterday. Both nines were on the grounds, but a few minutes before starting time arrived the rain began to fall. The grounds were not in good condi-tion to start with and the rain soon made it so

The Indianapolis team left for Chicago dur-ing the afternoon and the local team will leave for Cleveland this morning.

CHICAGO, June 5 .- In two games to-day the levelands outplayed Chicago at every point. Ryan's work at short, and a magnificent catch by VanHaltern of McAleer's long fly, clear against the field fence, was the only exceptional work for Chicago. For Cleveland, Twitchell and Radford's work with the stick, Stricker's second base play, Zimmer's fine throws to bases, shutting out runners, and McAleer's running catch were the features of the day. The first subject entered on for discussion was the question of paying the men for the work they are doing. It was stated that here were many men who refused to be paid for their work, but inasmuch as they were in the minority it would be better to engage men and pay them for the work. The committee at once issued an order, in which they stated that all payments of wages shall be made on an order signed by the treasurer, and countersigned by the chief clerk of the Auditing Committee. The Generosity of the Buckeyes and the Promptness of Their Governor Significantly Remembered at

[VEOM A STAFF CORRESPONDENT.] JOHNSTOWN, June 5 .- Camp Conemaugh is located at Buttermilk Falls. They have about 100 tents there, and will put up more as they are needed. Adjutant General Axline, of Ohio, is one of God's own people. The generosity of the people of this State is so marked that many men are going around wearing Ohio badges for the sake of being classed with these people. Governor For-aker responded to the appeals for aid before Governor Beaver heard of the flood, and the tardiness of the latter to render assistance is the subject of universal comment here.

There are a few kickers in town, men who expect to get Monongahela House accomdations here, and who are mad if they don't have them, but the number of such men is small. The reporters have been sleeping in hay lofts, on the floors of houses, in cars and sometimes they don't sleep at all. This was true in the first days of the disaster, but tired nature can endure no more without sleep, and a few winks are

The Widow Coke, of Woodvale, was carried to Sandy Vale Cemetery three and a miles away, and taken out alive. A dog clung to her hair and the animal was rescued with her, but he had nearly all of the widow's hair pulled out of her head. Ten men and two women lodged on an island near Woodvale. A boat had to be carried from South Fork before they were taken off on Friday evening. A gentleman was at Consmant to the head was greatly cast down when informed to the contarty. clung to her hair and the animal was taken off on Friday evening. A gentleman was at Conemaugh to-day looking for the bedies of Miss Swineford, of St. Louis, and Mrs. Swineford, of New Berlin. Both ladies were on the day express, and are missing. The car is still lying there, turned ISRAEL.

## RELIEF PROM PHILADELPHIA.

A Train Load of Provisions Arrives, Bringing Nurses and Doctors.

(FROM A STAFF CORRESPONDENT.) JOHNSTOWN, June 5.—This morning the first train load of provisions arrived here from Philadelphia under the command of Prof. Forbes. There were 16 cars altogether, and they had left the Quaker City last Sunday afternoon. The contents of the train was what the relief committee had been waiting for since yesterday, and Frof. Forbes was cheered wherresterday, and Frot. Forbes was cheered wherever he was recognized. On account of the
large number of addititional workmen the supply of bread and provisions generally had become very short, and Colonel J. B. Scott telegraphed S. S. Marvin to send at once an unlimited supply of fresh bread. On the other hand
the medical staff at the general hospital on
Bedford street was short of doctors. Dr. Oldshue had to go home, because he was sick, and
left on the Baltimore and Ohio Railroad at 2
o'clock.

o'clock.
In this emergency the Philadelphia relief was most welcome. The cargo was made up of all kinds of provisions, such as bread, potatoes, etc., boots, shoes and clothes. There were also 25 physicians on the train, as well as a number of aurses from the Red Cross Society.

Lawyers Object to Massachusetts Giving Ald to Johnstown Sufferers.

SPECIAL TELEGRAM TO THE DISPATCH. Bosron, June 5 .- Some of the lawyers in the lower branch of the Massachusetts Legislature have interrupted the progress toward enactment of the resolution granting \$30,000 for the Johnstown sufferers on the ground that the resolution is unconstitutional.

The matter has therefore been referred to the Attorney General, and Massachusetts halts until the legal cobwebs are cleared away.

ISPECIAL TELEGRAM TO THE DISPATCH.1 WILKESBAREE, June & .- The body of Nathan nnett, one of the most brilliant lawyers at the Luzerne county bar, was found in the Susquehanna river this afternoon. He jumped in the raging river on Sunday when the storm was at its height.

Milwankee's Contribution to the Fund. MILWAUKER, June 5 .- About \$6,000 has been raised here for the Johnstown sufferers. The brewers gave \$1,500 and the bankers \$1,000. The Chamber of Commerce appointed committees this afternoon to solicit subscriptions, and within an hour \$3,000 had been raised.

Paragraphs Saved From the Wreckage at All Points.

J. A. GOULDEN, of this city, is among the saved. THOMAS KENYON, of Allegheny City, sends \$10 to THE DISPATCH relief fund. Our correspondent says there is absolutely nothing in the report of a riot at Cambria City. CLARENCE LAYTON, who was reported among the dead in yesterday's papers, is safe in Johnstown.

A TELEGRAM from Chicago says that Alice Suell is missing, and was on the ill-fated train at Johnstown. THE American Mechanics telegraphed for

supplies, and the brother organization here re sponded at once, W. W. LAWRENCE, of this city, is requested by Fred Tripp to send two crates of eggs and some potatoes at once. DR. J. M. COOPER and wife, of Johnstown reported dead, are alive, and are visiting Mrs Horner, in Allegheny City.

WILLIAM SEMPLE sent \$200 worth of dress CHARLES KRESS, of Johnstown, a brewer, and his wife are among the persons saved whose names have not appeared on the lists. COLONEL C. F. FRAZER, wife and four child ren, who were reported lost, have been heard from. Two sisters of Mrs. Frazer are among

Her donation was accepted. By a mistake on the part of the person who wrote the item. THE DISPAICH said yesterday that Rev. Dr. Miller and family, of Johnstown, had been saved. It should have been that their dead bodies were found. Dr. Miller was the most popular Episcopal minister in Johnstown. In the list of the persons lost at Johnstown

yesterday appeared the name of H. P. Wasson, of Indianapolis, Ind. Mr. B. G. Bryner, a friend of Mr. Wasson's, yesterday received a telegram from P. T. Kelsey, of Indianapolis, saying that Mr. Wasson is safe, and is in Buffalo, N. Y. THE Bellevue Presbyterian Church contribthe Solecule Presoylerian Cauren contrib-uted \$50 Sabbath evening to the Johnstown sufferers. Also a good supply of clothing. The ladies of the church spent Thesday and Wednesday sewing. Two large boxes were shipped Tuesday evening full of clothing, etc. Others will follow.

STORIES of remarkable escapes are simply multiplying one upon the other. Maurice Newman made a marvelous escape, while his brother Bernard was drowned; Charles Reed was rescued by a colored porter named Robinson; Rose Young escaped almost miraculously, and Miss Vance was no less fortunate. MRS. JOHN CARVER, living at Craft avenue

morning to go to Johnstown. About a dozen men will go, taking with them all the necessary instruments for surveying and laying out the streets and property, with a view to reorganizing the destroyed city.

THE Rev. H. Veith, No. 268 Strong Creek street, Johnstown, would be thankful for any news of his wife and daughter, both of whom he fears are dead. Mrs. of whom he lears are dead. Also Veith is a large woman, short in stature, with brown hair and blue eyes. She had a small black satchel with some money and a lady's gold watch. Her danghier is slight but tall, with brown hair and blue eyes.

MRS. MONTGOMERY WILCOX, of Philadel-phia, who was on one of the Pullman sleepers attached to the lost express train, is authority for the statement that Miss Jennie Paulson, or Pittsburg, is lost. She says that as a party of ladies, including Miss Paulson and herself, were making their way out of the cars Miss Paulson stopped, decided to return for her rubbers, and so lost her life. Mr. Frank Paulson, brother of the young lady, has telegraphed home that he has given up hope.

In the list of contributors to the flood sufferers the H. Y. L. S. S. indicates the Hebrew Young Ladies' Sewing Society, who gave \$50 through Miss Oppenheimer. A donation from the Presylerian church at Aspen, Col., has been wrongly given. The amount was £9. It is notable as being one of the first outside contributions received and coming from a town 500 miles northwest of Denver. It has been followed by a larger contribution, noted in the list to-day. LEW DALLMEYER, of this city, who was or

the day express at Conemaugh, one of the wrecked trains, probably saved the wife and daughter of President Harrison's private secdaughter of President Harrison's private sec-retary, Elijah Halford. When the word was given he was on the same car as Mr. Halford, and his wife and daughter. Mrs. Halford, who is somewhat of an invalid, was nearly prostrat-ed from excitement, and had it not been for the assistance of Mr. Dallmeyer would have been unable to have reached the sheltering farmhouse and would probably have perished in the mountains. THE hardest thing the Relief Committee

The hardest thing the Relief Committee now has to contend with is the apparent impression that an enormous number of men are needed to work in Johnstown. Though the committee has published far and wide that there are more there now than needed, still they press forward. Mr. Charles Meyran tried to dissuade some 50 stalwart men in Little Washington from going, but to no purpose. They are not all morbid change seekers, but many of them are willing to work for nothing, and some are even willing to pay their own fare. They are coming from East Liverpool, and even Louisyillians profer their services.
